Never, perhaps, in the history of horse shows has there been quite such a sportman-like show as that of yesterday, for, although entrance fees were paid in each of the twenty classes by 150 contestants, not a prize was offered by the club except ribbons. It is true that Mrs. Bernard S. Horne, of "Glenview," and the Albernarie Horse Show Association offered cups in the "free for all" jump class, and in the ladies' harness class, but in all other events, the blue red and yellow ribbons were the prizes that were covered. other events, the blue red and yellow rib-bons were the prizes that were coveted. A SPORTY DAY.

It was a sporty day for sportsmen, and the crowd, made up for the most part of those who understood "horse," enjoyed it thoroughly. The cup offered by Mrs. Horne for the best horse in the free for all jumping class was won by Mrs. Allen Potts's Firelight, ridden by the owner, with two blues, one red and one yellow; Mrs. W. C. Reed, with one blue, two reds and one yellow; Mr. Murray Boccock, with two blues and one red; Mr. Julian Morris, with one blue, one red and one yellow, and Miss Sallie Pugh, with two blues and one red.

A utter lack of accidents marked the day, for, while Mr. Middleton, riding Mr. Julian Morris's "Brandon," had three falls, he was not hurt; the falls being caused by his mcunts rearing. Later, "Brandon," was ridden by Willie Garrison, Mr. Morris's white groom, who gave in excellent exhibition of rough riding, jotting his mount over all eight jumps ifter a hard fight. Garrison was heartly upplauded.

It measured more than three feet in length, and the Doctor was voted a hero.

A band from Charlottesville played intermittently throughout the day. Once when an especially lively air was being played, a pair of roadsters "trotted away" around the ring, and although their driver palled until he became purple of visage, they refused to stop until grooms ran to their heads. The crowd enjoyed the excitement and cheered glectully. Later, in the readster class, when Colonel Moore, a popular Albemarie Irishman, was driving his "High Ball" against Sheriff Lucian Watte's "Robert W.," the crowd went wild, and American yells and British cheers split, the air. Colonel Moore drove with true Hibernian abandon, while the sheriff made the turns on one wheel.

Among the hunters who performed especially well were "Granite," owned by Mr. Bowcock, of "Castalla;" "Steelbolt, owned by Mrs. Reed, of "Ingleside;" Firelight, owned by Mrs. Allen Potts, of "Castle Hill;" "Albemarle," owned by Mr. Cree, of Crozet, and "Maples," owned by Mr. C. C. Anderson, of Charlotteaville. These horses made good, quiet performances over the jumps, and proved the fact that Albemarle hunters are as good as can be found in any country.

Little Miss Amelie Money and Master Roderic Bowman both rode well in the pony class, the prize going to the young lady.

Contractors have begun work on the handsome residence to be crected for Mr. A. J. Daffron, a member of the City Assembly and a prominent business man of the city. The residence is to be erected on the lot on the northeast corner of Porter and Fifteenth Streets. It will cost about \$6,000 and be a two and one-half brick structure. White brick will be used in front. There will be a colonial porch on the building.

The Buildings and Land Committee met in regular session last night and transacted a lot of routine business. City Sergeant J. G. Saunders was authorized to open bids for the remodeling of the city jall, so as to make room for a hospital and an annex for female prisoners. This department will be located between the present office of the jall and the jall proper. It will be a modern hospital for the treatment of all sick inmates, and there will be an annex for women prisoners.

Sergeant Saunders was also instructed to receive bids and specifications for gas lighting of the courthouse building. There was only one bid received for the remodeling of the city police station. The committee decided to hold this bid for the time being, and within the next few days interview other contractors, as to the probable cost of the work to be done. It is proposed to build another cell and to have a concrete floor in the building.

Deeply Disappointed.

Mr. George B. Jones, of Spotsylvania, who has been in the city for several days, in the interest of the reappointment of Mr. L. M. Smith as superintendent or schools of that county, was greatly chagrined and disappointed yesterday at the announcement of Dr. T. W. Dew's appointment instead. He stated that in his opinion the people of Spotsylvania would resent the Board's disregard of their wishes in refusing to reappoint Mr. Smith.

would resent the Board's disregard of their wishes in refusing to reappoint Mr. Smith.

Mr. Jones said that the defeat of Mr. Smith was due to certain old charges which had been fully threshed out, and that Mr. Smith had been in office for eight years and had made an excellent official. A delegation of forty or more prominent citizens had appeared before members of the Board to urge the reappointment of Mr. Smith and petitions had been presented from many of the most prominent men in the county, asking for his retention. He mentioned the Democratic county chalrman, the court officials, the treasurer, Commonwealth's attorney, member of the House, ex-Judge Wallace and others, us among those urging Mr. Smith's appointment. The merchants, farmers, lawyers and all classes, Mr. Jones said, asked the reappointment of Mr. Smith.

He retterated that the changs would have a bad effect upon Democratic prospects in Spotsylvania and that those who voted against him would meet vigorous opposition in Spotsylvania.

So far as I can learn, nothing definite has been done by that body, but a site has been suggested, and I am told, on good authority, that a tentative suggestion has been made to Henrich Conried, director-general of the Metropolitan Opera House, that he might be asked to come over and take charge, bringing with him his entire staff of artists, conductors, stage managers, even mechanics, after the season closes each year in America. Mr. Conried, when I saw him to-day, would neither affirm nor dony this.

# New Nerve Force Needed in the Spring

When you do not sleep well-when you are nervouswhen you are dull, moody and dejected, "tired most of the time"-you need new nerve force. It is in this wise, gentle way, that Paine's Celery, Compound works

all its wonders, She Needed New Nerve Force, "Following a severe attack of La Grippe my general health seemed to be seriously affected. I suffered from constant nervous headache and was so unstrung that everything irritated me until I was in a precarious condition. I also was troubled with sleeplessness and would rise in the morning more weary than I went to bed. As medicine did not seem to help me any, the door advised a complete change, but as I was unable to go away, a neighbor advised me to try Paine's Celery Compound. I used it faithfully for a week, feeling that I daily grew better and istronger and my health kept gradually improving until I had used three and a half bottles, when I was in perfect health, with no trace of my former troubles. A number of my friends who saw what Paine's Celery Compound had done for me have used it since and they all feel as pleased with results as I am."—Yours very truly, Mrs. L. F. # Try one bottle—see how much better you feel AINE'S CELERY COMPOU

The celebrated nerve vitalizer and tonic

If you ask a druggist for a bottle of Paine's Celery Compound and he sells you a counterfeit and an imitation and tells you it is just as good or better, he is trying to deceive you. He is trying to substitute an unknown article for a known product because he will make a few cents more out of your innocence. In his mind the question of real merit does not enter into the transaction—but the question of a few cents does.

When you ask for Paine's Celery Compound see that you get the real Paine's Celery Compound, with the picture of the bunch of celery on the bottle.
